The management of a Pittsburgh company doing less than \$10-million in sales felt they had the responsibility to help Pittsburgh's cultural and caring organizations.

During 1986, for the fifth year, the company underwrote through The Carnegie's Natural History section, "Museum on the Move," a program which brought treasures of the museum to over 4,000 hospitalized children. Company management organized the "Music with the Masters" chamber music series in the galleries of the Carnegie Museum of Art and the summer-long "Outdoor Sculpture Court" series featuring a variety of performing groups.

Company management also served on the boards of several organizations, helping them to determine and achieve certain goals ... most especially through "The Carnegie 100, Music Hall Committee" which brought new life to this outstanding facility.

For these efforts and others, Geyer Printing Company received a "Business in the Arts Award" in New York on October 7, 1987. Previous Pittsburgh winners of this 20-year old award are Allegheny International, Inc., Aluminum Company of America, Columbia Gas of Pennsylvania, Gulf Oil Corporation and United States Steel Foundation, Inc.

However, you don't have to be a giant to offer your talents ... marketing, fund-raising, business management, communications ... or the talents of others in your company.

In Pittsburgh, it's people who make the difference. Become involved. Call the Pittsburgh Trust for Cultural Resources at 471-6070. They'll put you in touch with the organization that can best use your valuable talents.

We at Geyer Printing are honored to have received this award and we want to encourage you to make your own giant contribution ...

Discover the pleasures of being involved.
